

## Netra (Finance management software)

Netra software is developed under the wise control of experienced temple administrators, astrologers, Chartered Accountants, Management Consultants and Information Technology Professionals. It is the result of a combination of rich experience and technological excellence. Over all administration of any type of the temple will become easier, effective and accurate.

The screenshot shows the Netra Dashboard interface. At the top, there is a navigation bar with a menu icon, the text "Netra > Dashboard", and a user profile icon labeled "admin".

The dashboard is divided into several sections:

- Sevas:** A grid of six orange buttons: Daily Seva, Tithi Seva, Shashvat Seva, Utsav Seva, Donation, and Member Master.
- Reports:** A section with three orange buttons: Reports, Vouchers, and Settings.
- Total Payment Received:** A summary table with search filters and a data table.
